

POST-PRODUCTION SERVICES

Project: The Man in 3B

ENGAGEMENT DETAILS

B8 Post-Production Services was hired in September 2015 to handle the post-production coloring, sound editing and deliverable creation for the film THE MAN IN 3B which was set for a theatrical release before the holiday season.

DELIVERY DETAILS

B8 Post-Production Services delivered the project needs on time, under budget and allowed ample client review beyond the initial scope of the agreement based on the strong relationship built with the creative and production team during the process.

B8 Post-Production Services delivered the film in time for the project to have a successful theatrical run before a strong premiere on VOD platforms iTunes and Amazon Prime.

“The B8 Post-Production Services team is top notch and I have worked with them on additional projects such as NO MORE MR. NICE GUY and MOTHER’S SACRIFICE because of the great experiences!”

- B8 Post-Production Services director Trey Haley
